Division of Epidemiology and Prevention

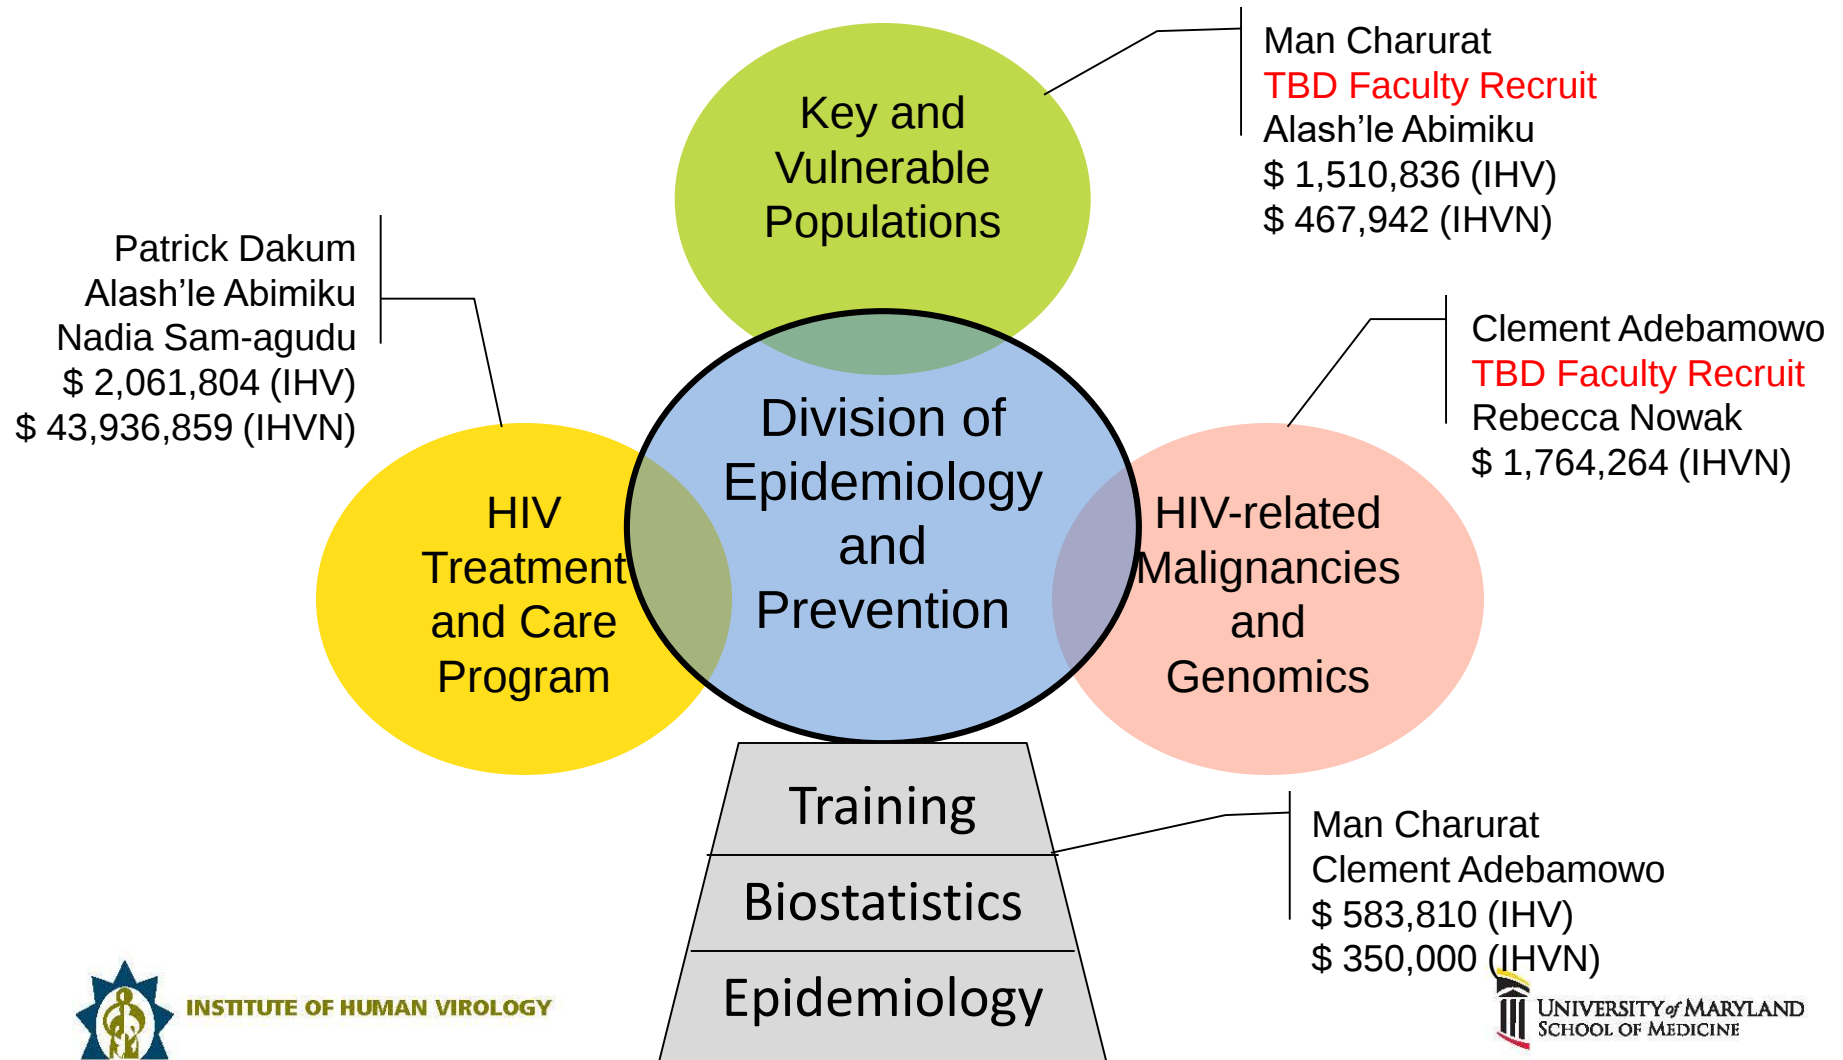

Manhattan Charurat, Ph.D

**Deputy Director, IHV Division of Epidemiology and Prevention
Associate Professor, SOM Department of Medicine, Division of
Geographic Medicine and Department of Epidemiology and Public Health**

**MPower Collaboration Planning Retreat
May 26-27, 2015**

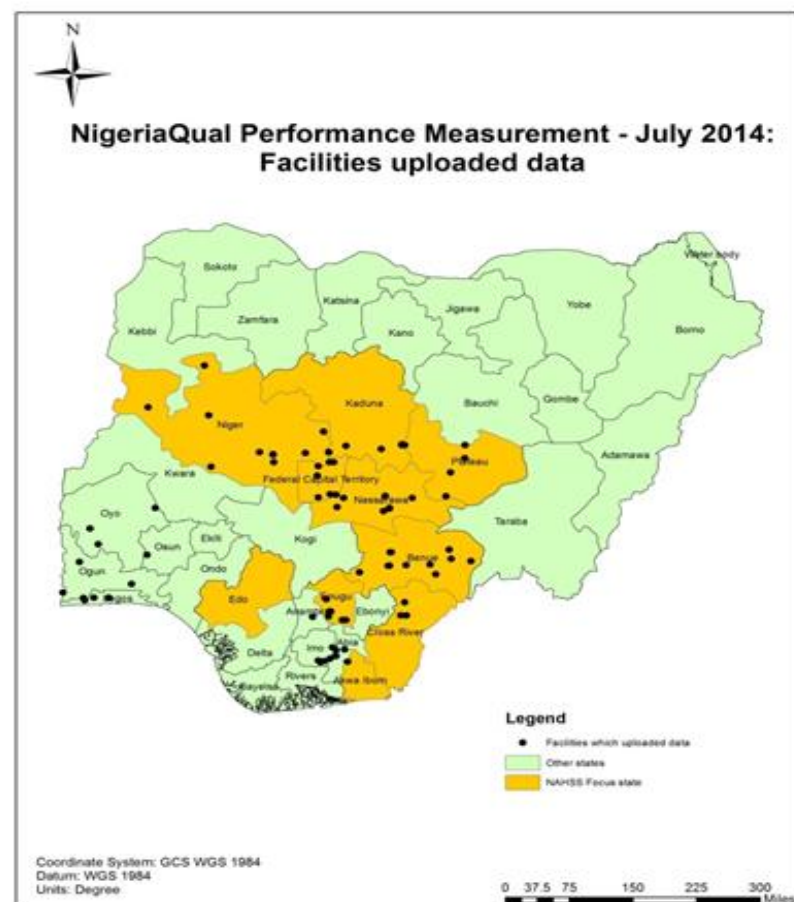

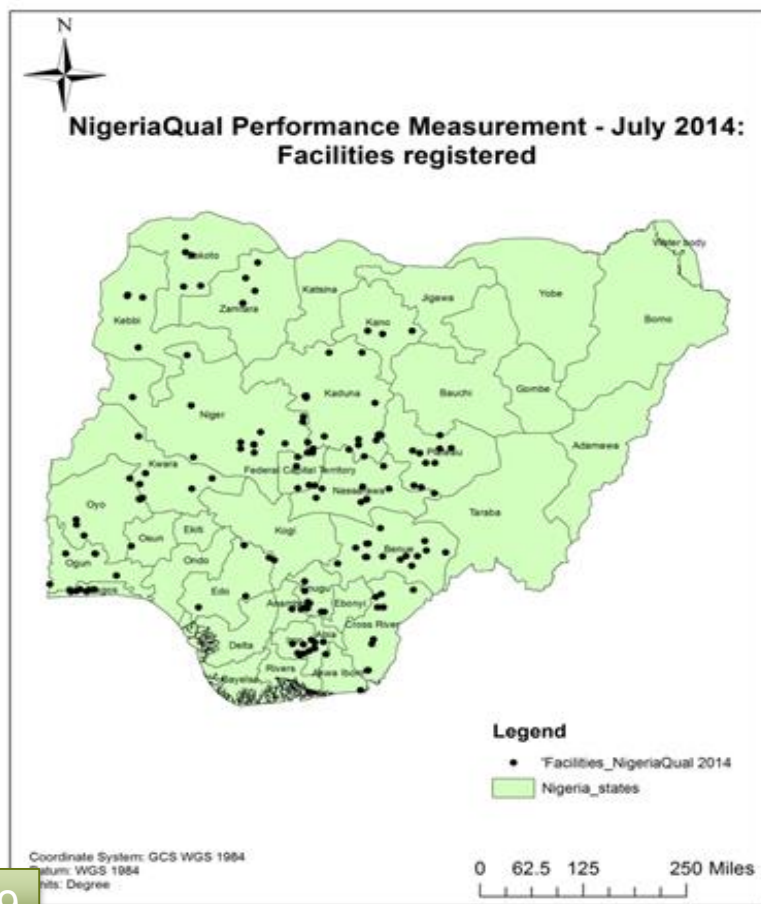

What we do (Current FY15 funding)

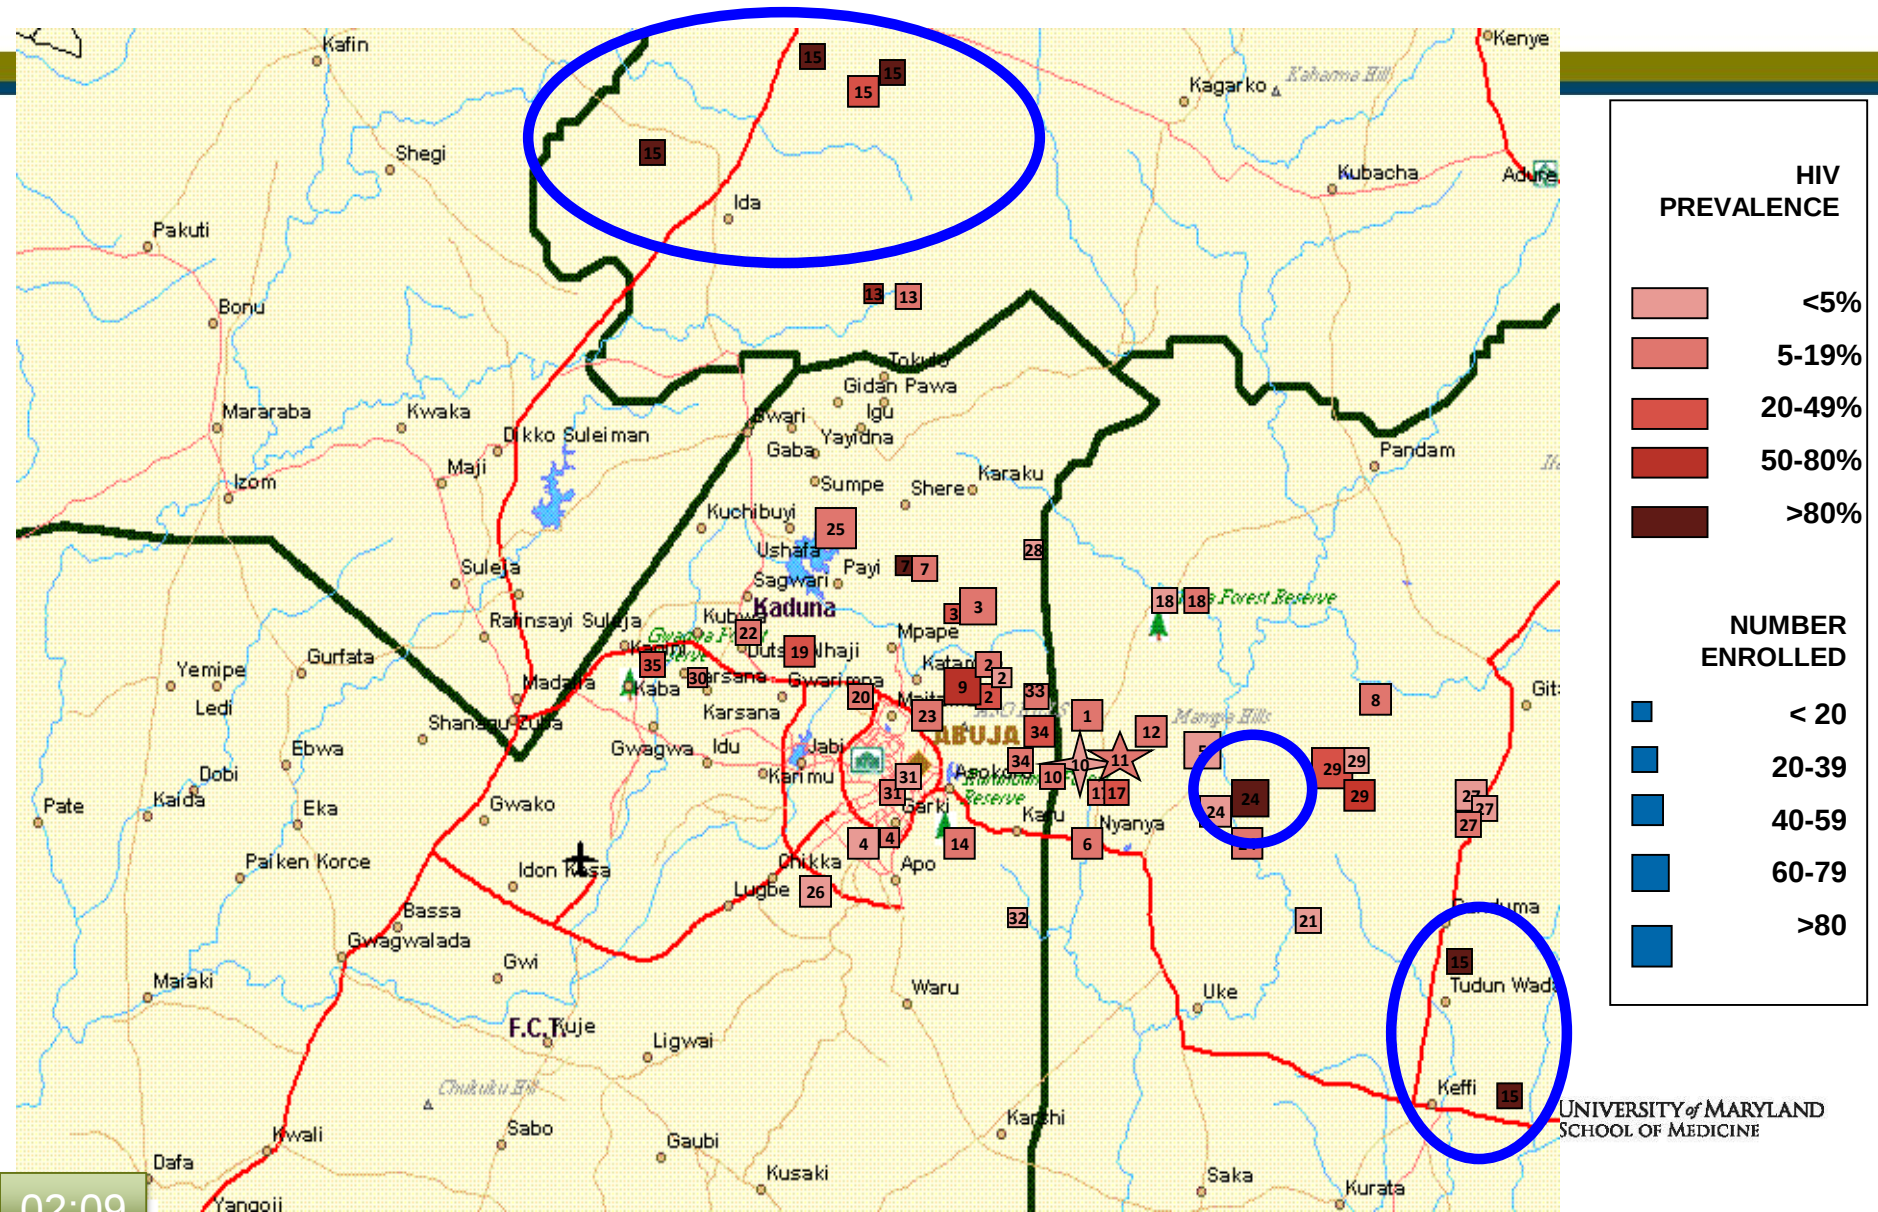

Example – HIV Treatment and Care Program and Quality of Services in Nigeria

203 Facilities with NigeriaQual software deployed

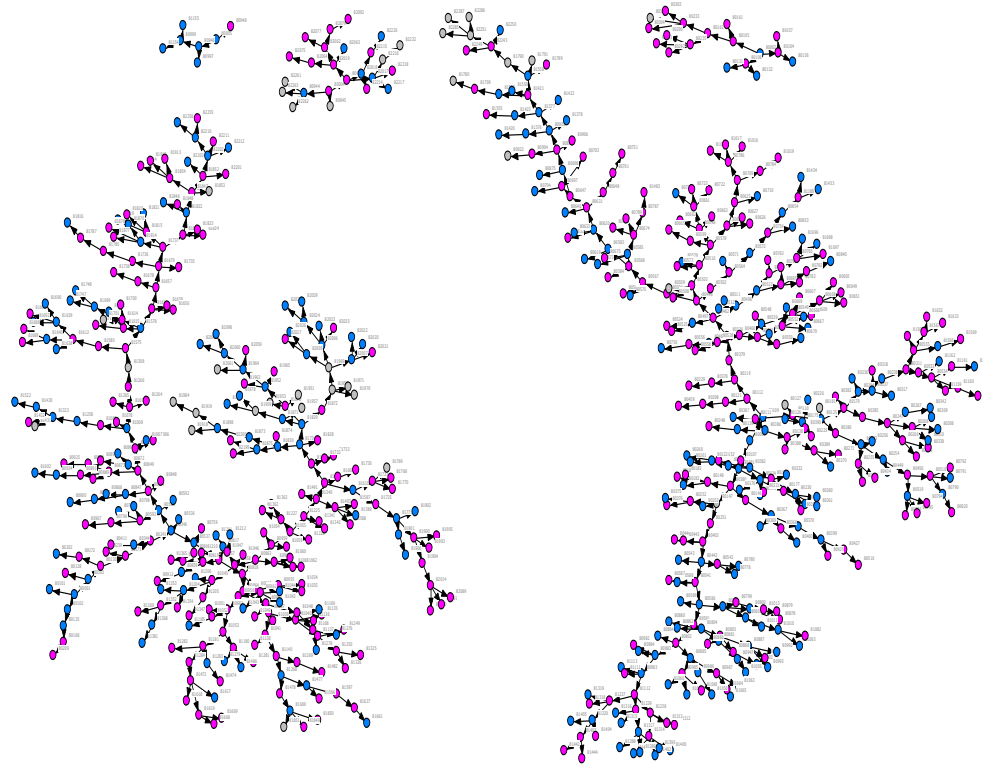

109 Facilities uploaded data for Round 2

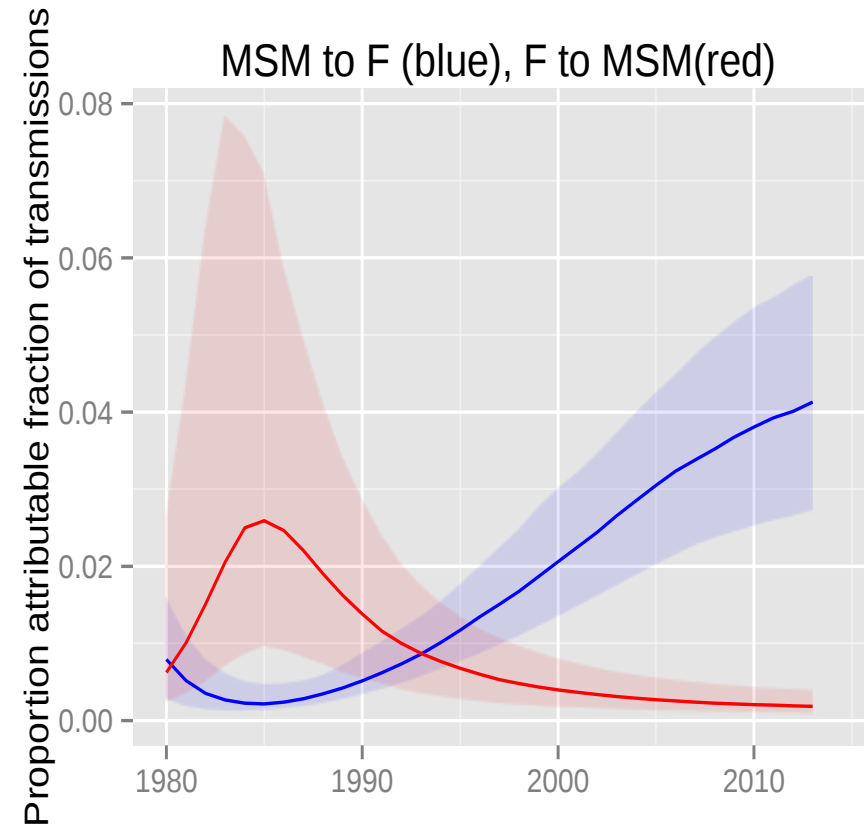

Example of Research Focus – Hotspot Mapping

Example of Research Focus – HIV Phylodynamic and Outward HIV Transmissions

-  MSM with only Male Partners
-  MSM with Female Partners

INSTITUTE OF HUMAN VIROLOGY

Our Interest

- Hotspots for HIV infection, availability of HIV services, and quality of HIV services.
- Geospatial mapping of HIV drug resistances.
- Expansion into other infectious diseases e.g. syphilis, gonorrhea, chlamydia, hepatitis B and C infections.
